

SUIIARA

CORPORATE PROFILE

Integrating supply chains to enhance
end-to-end performance

ABOUT SUHARA LOGISTICS

At Suhara Logistics we provide secure logistics networks from concept to completion.

Commencing operations in 1996, Suhara Logistics support a broad global multinational client base over a wide range of industry verticals.

We deliver optimal logistics solutions for our customers delivering customised shipping, freight forwarding, customs clearance, warehousing, transport management, procurement services & technology.

GLOBAL CONNECTION

We operate from our central hub in United Arab Emirates, with supporting offices in Kenya, Tanzania, Uganda, Rwanda, Zambia, Democratic Republic of Congo, and Australia employing more than 1,100 staff.

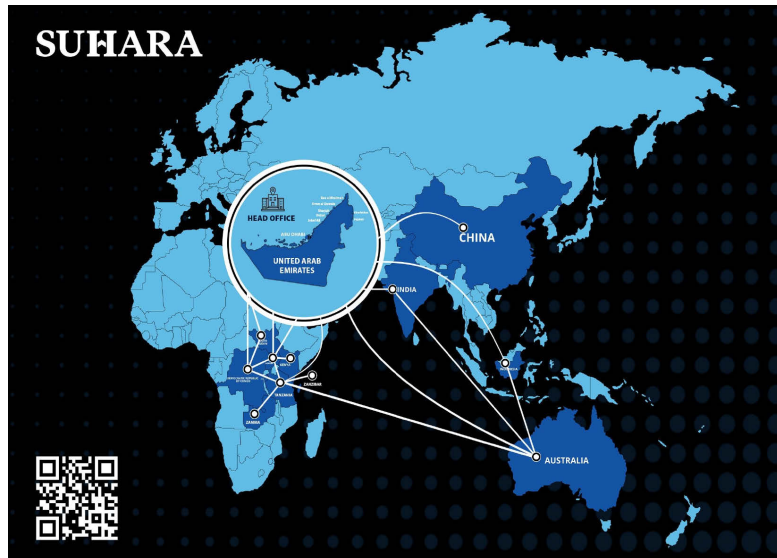

LOCAL DELIVERY

Our strong regional expertise allows us to deliver comprehensive logistics and integrated supply chain solutions throughout the Middle East, East and Central Africa and Australia, using our local and regional services.

INTEGRATED SUPPLY CHAIN SOLUTIONS

Our extensive local knowledge and global network of strategic partners in over 190 countries enables us to provide end-to-end supply chain solutions, backed up with leading edge technologies and assets, to support and enhance your business requirements.

OUR LOGISTICS CAPABILITY

Our logistics capability expands warehousing and distribution, customs clearance, freight forwarding and transportation management. Services can be combined as an integrated solution or tailored to meet individual client needs.

Quality underpins everything we do:

WAREHOUSING SOLUTIONS

Warehousing is an essential element of the supply chain for the procurement and distribution of your goods.

To meet the rising demand of cost-effective and dependable solutions for warehousing, we have established industry best practices to manage your inventories and ensure on-time deliveries, both locally and worldwide.

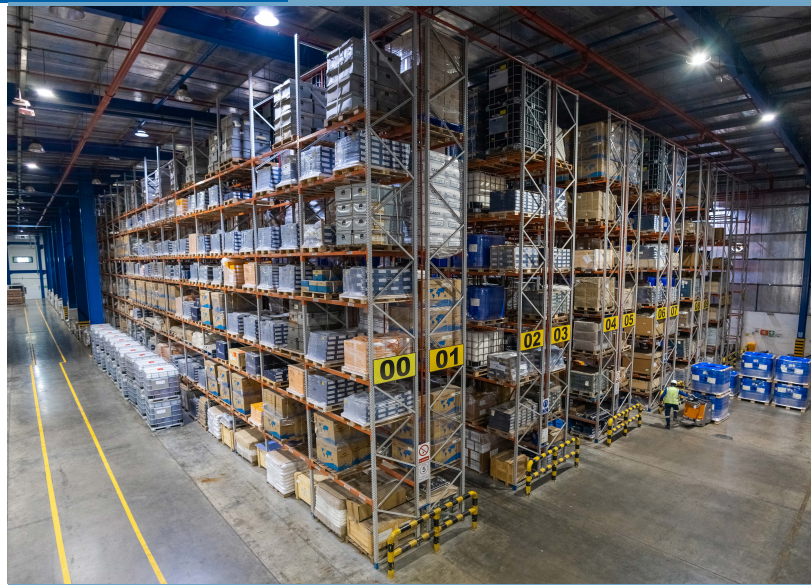

We offer multi-user and dedicated warehousing and distribution services that guarantee the highest level of proficiency to meet even your most challenging requirements and improve the performance of your supply chain - giving you peace of mind.

Warehousing:

- Food grade (ISO certified)
- Temperature-controlled (0°C-24°C)
- Dry indoor and yard storage
- Racked and bulk storage options

Value Added Services:

- Picking, packing, labelling, consolidation and co-packing
- B2B WMS Integrations with automated data/information exchanges
- Facilities equipped with an advanced warehouse management system (WMS)
 - Barcode based operations
 - Cycle counting
 - Customized reports
- Our WMS portal provides clients with real-time access to inventory data and bespoke reports

CONTRACT LOGISTICS SOLUTIONS

Our extensive logistic expertise help create tailored solutions that are designed, implemented and executed to deliver cost effective business results.

We unpack your needs and develop industry-specific logistics strategies and processes from analysis to implementation, while you focus on your core business.

Industry Verticals Served:

- FMCG
- Electronics
- Retail
- Oil & Gas
- Construction & Chemicals
- Events
- Humanitarian Aid

INTERNATIONAL FREIGHT FORWARDING SOLUTIONS

We ensure your shipments are on-time, every-time. Our global freight forwarding network connects us to affiliated freight forwarding offices in 191 countries and 847 cities worldwide.

Our team of customs clearance brokers ensure peace of mind through expert local customs regulation know-how for clearances services at major transport gateways worldwide. From our headquarters in Dubai, UAE we provide complete international supply chain solutions from ex-works to final mile delivery.
